

# Streamable Learning Recorded & Live Virtual Field Trips

Streamable Learning virtual field trips make it affordable for schools or districts to provide teachers and students with access to subject matter experts across multiple disciplines from around the world.

SAFARI Montage is now hosting Streamable Learning recorded field trips with enhanced metadata and standards correlations. These exciting virtual field trips feature a diverse set of subject-matter experts who deliver engaging content.

## Live Virtual Field Trips!

In addition, Streamable Learning hosts over 700 live field trips over the course of the academic year. Teachers can easily discover, book and attend these interactive livestreams which allow classrooms to directly interact with subject-matter experts through live chats. Streamable Learning virtual field trips are designed to supplement existing lesson plans and revolutionize distance learning for schools and districts across the U.S.
